

GENETIC COUNSELING

Memory Disorders

There are two basic routes of genetic counseling at Baylor College of Medicine in Houston:

NOTE: Both options accept self-referrals and both offer remote tele-health services.

1. INSURED PATIENTS:

Baylor College of Medicine

Medical Genetics Clinic

<https://www.bcm.edu/healthcare/specialties/medical-genetics>

1. To expedite genetic case review, patients are encouraged to call to start the patient intake process of a self-referral (*even without a formal referral*):
Appointment for “Baylor College of Medicine – Medical Genetics Clinic”
Patient Appointment Line: (713) 798-7820
2. Patients are also encouraged to read the information under “[For Patients](#)” at the Medical Genetics Clinic website:
<https://www.bcm.edu/healthcare/specialties/medical-genetics/for-patients>
 1. Specifically, they have a **9-page “[Patient Packet](#)”** to complete.
 2. More information is also requested on that page that may expedite review, etc.

2. SELF-PAY OPTION:

Baylor College of Medicine

Consultagene
